

Wolverine Worries Writing Task

The X-men are worried about Wolverine. They think that his excessive smoking and drinking are getting out of hand. They are concerned about his health and the example he is setting for the younger X-men. Help the team write a letter to Wolverine outlining the health risks of smoking and drinking.

Success Criteria

All: Recall some effects of smoking and drinking on the body.

Most: Explain how the Liver can be affected by drinking and the lungs affected by smoking.

Some: Name 2 lung diseases caused by smoking and apply your understanding to explain how they conditions affect the functioning of the lungs.

Include:

- a page border
- Some pictures
- A Title
