

KS2 RE Activity 1

Week 3: Our Medical Heroes

This week we will be completing activities around 'Our Medical Heroes'. This could be doctors, nurses, physiotherapists, occupational therapists or health care workers.

Make a rainbow poster and stick it to your window to show support for the NHS workers. Ask your family questions about NHS workers such as what do they do and why? Take a moment to think about these answers and reflect on the work of our medical heroes.

Note to parents:

This is a RE based activity. The aim is for the children to think and reflect upon the kind actions of others so that we can live safer, healthier lives. As well as showing some personal support through a fun based activity.

Templates of rainbows and hearts can be found under the "RE Tab" on the website.
