

# **Bingo Instructions**

These are the resources for making a Bingo game with 10 players. There are individual game cards for each player plus a set of picture cards for the teacher.

Set the printer to print single sheets, single-sided.

If you want the players to cover their bingo cards with matching pictures then you will need to print an extra four copies of the set of picture cards (page 2 in this template).

To modify this game for other topics, replace any symbol and every other copy of that symbol will change automatically.

There are fifteen symbols in this resource.

Simba

Bambi

101  
Dalmatians

Dory

Kung Fu  
Panda

Garfield

Scooby  
Doo
