

EYFS/KS1 Home Learning

- Outdoor Music Making

Things you will need

- Pots and pans
- Wooden spoons
- Empty plastic bottles
- Empty tin cans
- String
-

All equipment can be swapped for something else that is similar based on what you have at home.

Activity

This activity is to encourage children to be creative, make tunes, tap to a beat and make their own music! Please encourage the pupils to collect their own equipment where possible. Do as little or as many steps as you like!

1. You can use the string to tie your collected musical items to a fence in your garden or suitable place in your outdoor area. If this isn't possible, you can simply place your items on a table and even on the floor if you like!
2. Can you make a repeating beat or tune on your musical items?
3. Can you tap a quiet beat and then a loud beat? Or fast and then slow?
4. Which item makes the loudest noise and which item makes the quietest noise?
5. Can you and a family member make up a tune and play together?
