Activity

1. Pour the oil into a measuring jug and add the food colouring.
2. Measure out the flour and pour into a zip lock bag
3. Add the oil and food colouring mix to the zip lock bag. Knead and shake around until mixed as much as possible.
4. Before you play you will have to get your hands into the mix to pinch the flour to distribute the remaining oils and colouring.
5. Empty out into a sensory tub for playing.
6. If you do this activity indoors a large bed sheet or shower curtain is recommended for under the sensory tub to catch little messes.
7. You could use animal figures to play with in the cloud dough or make 'sand castles'. Let your imagination run wild!
