

# Fine Motor Skills: Pencil Control

Use a pencil or pen to complete the patterns.

A large grid of dots for tracing and drawing. The grid contains several pre-drawn patterns:

- Row 1: Three parallel diagonal lines sloping upwards from left to right.
- Row 2: Three parallel diagonal lines sloping downwards from left to right.
- Row 3: A zigzag line starting from the left, going down, up, down, up, down, up.
- Row 4: Three purple dots.
- Row 5: Three green dots.
- Row 6: Two pairs of parallel diagonal lines sloping upwards from left to right, with a single orange dot between them.
- Row 7: A purple inverted V-shape with a green dot at its base.
- Row 8: A blue V-shape with an orange dot at its top vertex.
- Row 9: Two pairs of parallel diagonal lines sloping downwards from left to right, with a single green dot between them.

Use a pencil or pen to complete the patterns.

A large grid of dots for tracing and drawing. The grid contains several pre-drawn patterns in teal and orange, followed by empty space for practice. The patterns include:

- A teal zigzag line starting from the first dot on the second row, going up to the top row, down to the first row, up to the second row, down to the first row, up to the second row, and down to the first row.
- An orange zigzag line starting from the first dot on the third row, going down to the first row, up to the second row, down to the first row, up to the second row, and down to the first row.
- A teal zigzag line starting from the first dot on the fourth row, going down to the second row, up to the third row, down to the second row, up to the third row, and down to the second row.
- An orange zigzag line starting from the first dot on the fifth row, going down to the third row, up to the fourth row, down to the third row, up to the fourth row, and down to the third row.
- A teal zigzag line starting from the first dot on the sixth row, going down to the fourth row, up to the fifth row, down to the fourth row, up to the fifth row, and down to the fourth row.
- Two orange 'X' shapes starting from the first dot on the seventh row, with a blue dot at the intersection.
- Two teal diagonal lines starting from the first dot on the eighth row, with a pink dot at the intersection.

# Fine Motor Skills: Pencil Control

Use a pencil or pen to complete the patterns.

A large grid of dots for tracing practice. The first few rows contain pre-drawn patterns in various colors (pink, orange, blue) that are partially completed. The patterns include:

- Two horizontal lines (one pink, one orange).
- Two L-shaped lines (one pink, one orange).
- Two U-shaped lines (one pink, one orange).
- A single pink triangle.
- Two orange triangles, one with a blue dot at its top vertex.
- Two pink right-angled triangles, one with a blue dot at its top-left vertex.
- Two orange inverted triangles, one with a blue dot at its top-left vertex.

The remaining rows of the grid are empty for independent practice.
