

EYFS/KS1 Home Learning

Fine Motor Skills Activity

Things you will need

- A stick or a cardboard tube.
- A selection of different coloured wool or thread. You could cut strips of material too.

Activity

This activity is to practice hand eye coordination and fine motor skills. Please encourage the pupils to collect their own equipment where possible.

1. Safety first ask your grown up to cut off any sharp pieces from your stick.
2. Choose which colour wool you want to use first.
3. Cut a long piece of the wool.
4. Wrap the end of the wool at the bottom of the stick and see if you can tie a knot.
5. Carefully wrap the wool around the stick.
6. When you want to change colour make a knot and cut off the end of the wool.
7. Start again with a different colour wool or maybe change to a strip of material.
8. Keep wrapping and when you've finished, tie a knot and cut of the end.

Maybe you could ask your grown up to help you make this?
