

Science

Activity- What is magnetic?

What you will need;

Different objects from around your home

A magnet from your fridge

Activity;

1. Get a magnet from your fridge
2. Go on a hunt around your house and get ten different objects
3. Look at the objects and sort them in to the piles 'things that are magnetic' and 'things that are not magnetic'.
4. Take a picture of your piles ready to send to your teacher to show them your prediction.
5. Use your magnetic from your fridge and see if the objects you have collected sticks to the magnetic. If the object stick then this means the object is magnetic.
6. Sort them in to piles again using your findings to help you
7. **Challenge:** Can you find something else in your home that is magnetic?

Don't forget to send picture to your teacher!
