

## KS2 Home Learning Project

### Week 2: Our Community Heroes

This week we will be completing activities around 'Our Community Heroes'. This could be police officers, firemen, health care workers and teachers. They are all working so hard to keep you happy and safe. They are our Heroes!

#### Activity 1

Activity 1- Look at the pictures below of the community heroes. Match the hero to the correct tool that they may use.

Extension- Try to think of two more tools that the community hero may need in their role. Draw a small picture of the tool and label what it is.

**MATCHING TIME** | Draw a line to match who would use each object for their job.

Police			Fire Hydrant
Ambulance Driver			Boots
Firefighter			Police Badge
Military			Ambulance

Note to parents: This geography activity is based on developing the ideas of who might be a community hero. You can encourage them to look at the images and recognise the different job roles and what tools they may need. Try to challenge them and see if they can think of more tools the hero may need.

#### Activity 2

Activity 2- Community heroes are always working hard to look after the community and making people safe. Can you circle the community heroes that are looking after others?

Extension: Can you write a sentence to say how this community hero helps others. Can you say how each one helps the community.

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**Community Helpers**  
Circle the people whose job is to care for others.

education.com

Note to parents: This geography activity is about getting the child to recognise which roles help others in and around the community. You can encourage your child to think about how roles help others in the community and what impact they may have.

### Activity 3

Activity 3- Every hero has a call, a sign or a symbol. Heroes and geography have something in common and that is signs. Can you talk about which community hero you might find if you follow the road signs? Can you explain how they help the community?

Extension- Once you have recognised the community heroes through the road signs, can you create your own road signs for these community heroes? Can you create your own personal road sign for each of the community heroes you have talked about?

Activity 3- Community Hero Road Signs

	<input type="text"/>
	<input type="text"/>
	<input type="text"/>
	<input type="text"/>

Note to parents: This geography task is based on recognising road signs that they may see when they are out and about in the community. Can explain what their job role entails and explain why they are an important part of the community.
