### Week 4: We are Heroes

This week we will be completing activities around 'We are Heroes'. You are the heroes this week.

#### Activity 1

Activity 1-Can you create a miniature town or city made from Lego that you as a hero would live in? Try to think about the city you live in now. What could you include from there.

Extension- Discuss why you have created your city like this. You can use the images below to give your ideas.

Note to parents: This geography activity is based on developing the ideas of what we might find in towns or cities. You could encourage your child to look at the photos below and recognise some common aspects of a city. You can discuss with them why they have created their city this way and does it look like ones in the pictures below.

#### Activity 2

Activity 2- Over the recent weeks, you have looked at logos and calling signs for 'community heroes and medical heroes. It is now your time to create your own Hero calling logo and sign. You must design a road sign which shows your Hero identify. You can look at the worksheet for ideas.

Extension: Can you write a sentence why you might be a hero, what superhero powers would you have?

Note to parents: This geography task is based on recognising road signs and logos that they may see when they are out and about in the community. Signs and logos can explain what their job role entails and explain why they are an important part of society.

### Activity 3

Activity 3- Can you Create a Passport for your own Hero identity? Design a pocket-sized passport for your hero identity. Try to include name, place of birth, date of birth, date issued and interests and what superhero power you may have, then a signature to finish.

Extension: Fill your passport in with places you have visited, this can be local or abroad. Try to include where you went, what the weather was like and most importantly did you enjoy visiting that place. Try and draw a picture of where you visited.
