

# Minibeast Mini Book Writing Activity

Encourage children to become authors and create their own book about minibeasts.

## You will need:

- Minibeast Mini Book Templates
- Writing pencils
- Coloured pencils or crayons
- Single hole punch
- Treasury tags

## Activity

Provide the Minibeast Mini Book Templates for children to use alongside the pencils and crayons, the hole punch and treasury tags.

Show the children the front cover templates and the pages of the book and explain that they can make their own book all about minibeasts. They can choose which minibeasts they would like in their book and colour the pictures. They can write about each minibeast and write their name on the front cover too. Then, they can hole punch the pages in the top corner and fasten them together using a treasury tag.

## Minibeast Mini Book Writing

Become an author and create your own book all about minibeasts!

Which minibeasts would you like in your book?

Can you write about the minibeasts?

What colours can you use to colour the pictures?

Can you use the hole punch and a treasury tag to join the pages together?

Don't forget to write your name on the front cover and put it at the front of your book.
