

## KS2 RE Activity

### Week 2: Our Great Outdoors

This half term we will be completing activities based on our theme of 'Our Great Outdoors'. This week our focus is on our gardens! We hope that you manage to get out in your garden and enjoy the nice weather. If you could ask your parents to e-mail pictures of your fabulous work to your class teacher so that it can be shared in the newsletter it would be greatly appreciated.

Go for a walk around your garden and use your senses to answer the following questions. Take a family member with you and talk about your surroundings in order to help you answer the questions.

1. What can you see?
2. What can you hear?
3. What can you smell?
4. What can you feel?
5. How does your garden/outdoor area make you feel and why?

Note to parents:

This is a RE based activity. The aim is for the children to use their different senses to describe the surroundings of their garden/outdoor space. The idea is to help the children understand that connection between local surroundings and personal feelings. How does the weather make them feel? What does the smell of the grass and trees make them think of? Etcetera.
