

KS2 Home Learning – Turn Taking

Outdoor

Colours and Shapes

Practice motor skills while learning shapes and colours. Draw different shapes on the sidewalk or driveway in a range of colours in a grid pattern. Tell your little one to go from one end to the other by stepping on the colour or shape you call out to them. Assign points for every correct colour or shape that's stepped on. This is a turn-taking game that gives everyone a chance to play and toddlers will have a blast while also learning their shapes and colours.
