

Rainforest Food Chains

Recording Sheet

Once you have created your food chain, write it in the table below and include the keyword label for each step.

Two examples have been done for you.

How many can you create?

Keywords

producer → prey → predator

producer → prey → both predator and prey → predator

<p>producer coconut tree</p> <p>→</p>	<p>prey fruit bat</p> <p>→</p>	<p>predator emerald tree boa</p>	
<p>producer coconut tree</p> <p>→</p>	<p>prey grasshopper</p> <p>→</p>	<p>both predator and prey red-eyed tree frog</p> <p>→</p>	<p>predator jaguar</p>
