

# Common Objects Pairs

**Pairs** is a memory card game in which a pack of cards is spread out face down and players try to turn up pairs with the same picture.

Players take turns to turn over 2 cards, say what they see and if they find a matching pair they keep it.

Player with the most matching pairs at the end of the game is the winner.

Other ideas for using the picture cards

**Find the matching cards.** Stick one set of cards around the room and give the child the other set to find and match.

**Part** - whole recognition game

The eye tends to complete a picture or shape so we recognise things even if we only see a little bit. But this skill is one we learn and improve at. If you show your picture emerging very slowly from behind a plain book, how soon can he / she recognise it and find the matching card. Make the picture come out from different edges of the book so he / she sees a different bit first.

**Comprehension for description**

You hold your card and give clues about the picture and see if he / she can pick correct matching card
