

Evacuation Teacher Guidance

Evacuee Suitcase

This lesson works best if you can show the children a real WWII suitcase and its contents (or a replica designed for this purpose). Your local museum or education centre may be able to offer you one on loan. Alternatively, some teaching supply companies sell replica packs for schools to buy and keep.

Thinking Hats

If possible, you may like to provide the children with real hats for this activity. Children enjoy trying them on and 'thinking in the hat'. The Thinking Hat Prompt Questions can be fastened to the hats or arranged on the table for children to peruse and discuss.
