Key: Green indicates the least expensive supplier/item

This price comparison includes Whittaker's Schoolwear (current supplier), two popular schoolwear suppliers based in Liverpool, and a reputable national supplier.

It is worth noting that where Whittakers Schoolwear are cheaper on blazers this is in part due to the price reduction we applied to Abbot's Lea School following meeting with Mrs Hildrey, our Headteacher.

Plain and un-badged items are not included in this comparison, as parents can already purchase these items from many retailers.

Where there is no price listed, it is because there is no comparable item – for instance, a different style of backpack; we recommend but do not require specific school bag.
