

ABBOT'S LEA SCHOOL

Headteacher: Mrs Ania Hildrey, M.Ed, B.Ed(Hons), NPQH

15 September 2021

Dear Families

Ref: Transition support

As part of our curriculum offer, we support our students to think about the future when they leave Abbot's Lea School.

As a result, we regularly organise a range of opportunities for them to research their further education and career plans.

Although we are only in our first term this academic year, we are already starting this work and, starting this week, will be visiting a number of further education colleges.

Myerscough College is first on our list and the following visits have been planned for Term 1:

Malawi Class – 16 September 2021

Christmas Island Class – 21 September 2021

Fiji Class – 23 September 2021

Students will have a tour of the College site and an opportunity to ask questions about various courses available there.

This visit will form an integral part of the school day and so, the students will need to attend in their full formal school uniform and be prepared for any weather conditions on the day. There is no requirement for a packed lunch on the day and we are not seeking any voluntary contributions.

If, after your child's visit, you have any questions regarding Myerscough College, or would like to discuss any matters related to transition out of Abbot's Lea School, please let me know via emailing me at: ryan.mason@abbotsleaschool.co.uk

Yours sincerely

Mr R Mason

Key Stage Five Leader
