FOR FAMILIES OF CLOSE CONTACTS OF COVID-19 IN USA CLASS

## Advice for Child to Self-Isolate for 10 Days

Dear Families

We have been made aware that we have a confirmed positive case of coronavirus (COVID-19) at Abbot's Lea School affecting an adult in USA class.

We have followed the national guidance and, following a risk assessment with Public Health England (PHE) advisers, have identified that your child has not been in close contact with the individual who has had a positive test result for coronavirus (COVID-19) as they were absent from school this week.

Your child does not need to self-isolate as a result of this case.

However, sadly due to the whole Bubble closing and all staff needing to self-isolate and one adult being unwell, the class will move to remote learning mode effective today and lasting until and including 8 July 2021 (9 July is an INSET day).

I realise this is not ideal at all and I am sorry for the fact that your child will not be able to attend the setting. I also realise how impactful it is on the whole family and I am sorry to have to ask you to support home-based learning yet again.

We are dealing with a high level of infection in the school, and the in the local community and so, the measures taken are necessary at present.

I truly hope that we will be able to see each other on 12 July 2021 for the last week of this school year – Transition Week.

Yours faithfully

Mrs A Hildrey  
Headteacher
