

  
My school listens to me and values my opinions.

         
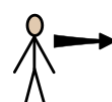

Each week, I can discuss, vote and share my opinion.

          
Student council helps us voice our opinions and collects

   
our votes.

          
Student council learns about politics and inspires changes in

     
our school and community.

         
I can apply to join the student council by 1 October.

         
I will vote to choose a student who will listen and present

   
my views.
