

My body is private.

Being naked means wearing no clothes.

Who can see me naked?

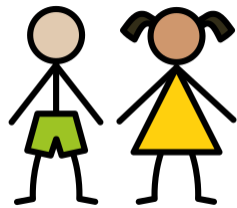

Sometimes, my doctor needs to see my body.

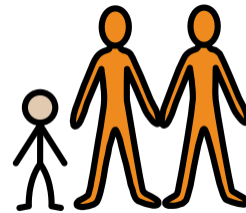

It is ok for my mum and dad to see my body.

NOT my siblings

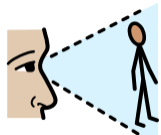

NOT other students

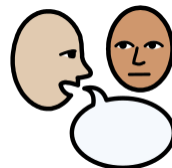

NOT other adults.

I wear clothes to protect my privacy.

Other people will not be naked in front of me

If someone is naked in front of me, I need to tell my family

If I am naked in front of others, they might get upset

It is important to talk about respect and privacy
