Dear Families,

Ref: Christmas Island Class Takes on Challenge 25 for Children in Need

This week, our incredible students at Abbot's Lea School are taking on the Challenge 25 to raise money for BBC Children in Need — and we're inviting every class to join in!

☀️ Christmas Island Class has kicked things off with some amazing challenges — from walking 25 laps of the forest and building 25 Lego creations, to writing 25-page scripts and even attempting a 25-hour silence!

They're also leading this week's secondary assembly, where we'll proudly announce how much we've raised so far — and we'd love to hit our target of £100! Every little helps, and your support makes a huge difference.

💡 We want every student, in every class, to get involved by setting their own Challenge 25. Whether you're in primary or secondary, there's something for everyone:

🧑‍🎓 Primary SEN ideas:

- Read 25 books or stories 📖
- Paint 25 pictures 🎨
- Sing 25 songs 🎵
- Count to 25 in different languages 🌍
- Complete 25 acts of kindness 🤝
-

🧑‍🎓 Secondary SEN ideas:

- Walk or run 25 laps of the playground 🏃
- Bake 25 cupcakes 🍰
- Learn 25 new words in sign language 🙋
- Create 25 digital designs or photos 📷
- Write 25 positive affirmations 📝

Need more inspiration? Visit the official [Children in Need website](#) for even more creative Challenge 25 ideas!

Christmas Island are also planning a special trip to Chester — 25 miles from school — where students will walk the historic city walls, linking our challenge to curriculum and EHCP goals.

Children in Need supports young people with neurodiversities just like ours, and we're proud to stand with them in promoting inclusion, opportunity, and support.

💛 Let's rally together — encourage friends and family to sponsor your child's challenge and help us reach our fundraising goal!
